THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, NOVEMBER 24, 1869.

HORRID STATE OF MORALS AT THE CAPITOL.

If vice is more prevalent, and the moral condition of Botany Bay (the land of convicts and Kangaroos) is worse than that of our own Capital, then Botany Bay is to be pitied. Corruption and vice cannot become more intense than it is right here in what was once called honest North Carolina. Everything goes by presents, by bargain and corruption. It is all the work of a secret political organization, of which the Governor was the President. General Littlefield and his paper, the *Standard*, are the fountains head of corruption, the business of the *Standard* has been to overawe the honest who would attempt to put themselves in the way of Littlefield and his bold attempts to corrupt the Legislature and the whole body politic. When the political corruption of a country becomes so prevalent and intense as ours, it is fair to presume that bribery is a common agency to procure legislation. Every branch of our government is politically corrupt, and foully so. It is so in every department, Executive, Judicial, and Legislative.

First, to begin with, the Executive, the Governor, swore solemnly to support both governments, the Confederate and United States, his oaths are crossed thus X.—Seward, Sumner, Wendell Phillips, and the great moralists of their party, call him perjured.

Take the Judiciary—all of them, with a few exceptions, swore just as the Governor did, to support both governments, and the same moralists of the party pronounce them perjured. No man can gainsay the declaration that the Executive and Judiciary are stained with political crimes, and they have not one political virtue; not even the virtue of forgiveness, for they can't forgive others the political crimes of which they themselves are guilty. Judge Dick has forgiven no man who signed the ordinance of secession, except himself, Judge Thomas, Gov. Holden, and Solicitor Starbuck.

Of the Legislature, in this connection, it is hardly worth while to speak. The establishment of Littlefield's grog shops in the Capitol; the purchase of 8000 acres of land for a penitentiary, by a Legislative Committee, without censure from that body, goes to show that the moral condition of the Legislative is very little better than the Executive or Judicial departments of the government. Besides, the criminal dockets of the country might be appealed to as evidence against the moral standing of many members. The fact that the Legislature projects a gigantic system of railroads to be paid for by State bonds worth 35 cents in the dollar, shows a degree of rashness which belongs only to the vicious and corrupt. But it will be said when the railroad schemes were entered into, State bonds were worth 60 cents in the dollar; grant it; where is the sane man who will, in the management of his own business, pay one dollar for sixty cents worth of work? Where is the honest man who will commit the public and the people whom he represents to such a policy?

At the last session of the Legislature, Mrs. Caverly, a carpet-bag lady, it is true, talked publicly, and to members of the Legislature, of the bribery and corruption of members, which was, and had for some time been, going on. A committee was raised to investigate these charges, when lo! Mrs. Caverly fled from the city as for life; her husband followed; General Littlefield left; Judge Alden, the swindler left; one or more of these witnesses were relied upon by Senator Sweet to show that members had received money for their votes. Judge Alden said the Legislature had been bought, and he proposed, and assured a banker, that they could be bought again.

General Littlefield's paper, the "Standard," denounced Senator Sweet for all that was vile, and only because he moved in raising the committee and declared he could "prove that a member had received dollars and cents for his vote."

The grand Jury of Wake presented Gen. Littlefield, Editor and proprietor of the "Standard," for lobbying bills through the Legislature, and attempts to corrupt that body with money and whiskey; Judge Watts, on Thursday of the term, adjourned the Court in five minutes after the presentment was made, which prevented the bill of indictment being duly drawn.

After all this the Governor makes Littlefield State printer, which, Pike says, is worth 100,000 dollars this year. If the land of convicts and kangaroos can beat this, let them do so.

A GRAND MISTAKE.

"Resolutions were passed in the Senate by a vote of 28 to 10 that the term of the present General Assembly will expire on the 2nd Thursday in August, 1870, and this is hereby declared to be the construction of the constitutional provisions on the subject."

We clip the above from the Charlotte *Observer's* synopsis of the Legislative proceedings of last Friday. The *Observer*, no doubt, got the idea from the report in the *Standard*, of the proceedings on the subject. As we stated yesterday morning, the report, as it was given in that paper, was calculated, and must have been intended, to make the very impression received by the *Observer*, and thus mislead the public mind on the matter. Instead of the Senate declaring it to be its construction of the Constitution that the present General Assembly will expire on the 2nd Thursday in August, 1870, it adopted the original resolution referring the question to the Supreme Court; and, as we stated yesterday, it is rumored that a majority of that Court hold the opinion that the present General Assembly should hold over until 1872.

We are inclined to the opinion that rumor is correct in this matter, else those so *vitally interested* in the question would never have allowed it to take that direction, they would sooner have braved the consequences and voted the Legislature a two years additional tenure, straight out.

COLLISION BETWEEN LEAGUES AND KU KLUX.

In the midst of profound peace the Head Centre of the Leagues, Gov. Holden, has caused a company of United States soldiers to be marched and quartered at Chapel Hill, where his League members can be protected in idleness, larceny and vice. A member of the Legislature informs us that just over the line in Alamance, not far from where the troops are quartered, a League negro killed a cow and stole a hog, the Ku Klux gave him two hundred lashes; as soon as the negro was able to travel he started for the State of Illinois. If the troops had come up to the Ku Klux while whipping this member of the League, blood would have been shed. Now we do protest, that this is an uncomfortable state in which to place society, by reason of secret oath bound associations.

Now we say to the Leaguers, quit your Leagues, larceny, arson and murder, and go industriously to work. We say to the Ku Klux, you have certainly a clear right to defend your property, but you must do it by such means as the law allows, defend your houses with your guns, your fields by actions of trespass, your personal property by indictments against those who steal; there is an end of all law if every man is to redress his own wrongs as he thinks proper. The Governor will not agree to dissolve his Leagues, for they elect him and the carpet baggers. The Ku Klux will not dissolve, they say they are combined to protect their persons and property against the larceny and arson of the Leagues.

We know the Governor denies that his purpose is to protect his League brethren in idleness and crime. Yet he has given money to idlers who have been whipped at home for idleness and crime. Two white men at Chapel Hill were whipped because they would not work and support their families, one a Democrat and one a League man. The League man came to this city and levied contribution from the Governor and his Cabinet and the *Standard*. If the Democrat got their sympathy he did not get their material aid. The League men who shot Mr. Horton, of Chatham, from the bush, were applauded by the Governor's organ, and the Governor is said to have contributed to their wants while sojourning in this city. We know that the Ku Klux deny, with indignation, the charge of the Governor, that they are murderers, yet the Governor can point to brethren of his League hanging in the words, without a jury trial. Each secret organization brings the other to grief, "misery loves company," and soon they will involve the whole country in their own troubles and woes.

We say it for the hundredth time, let the Ku Klux and the Leagues be dissolved and then we shall have peace.

North Carolina Wine.—Messrs. Burbank and Gallagher, the wine manufacturers, of Washington, N. C., took the first premium ($15) for the best American Wine, and first premium ($5) for best Scuppernong Wine, at the late Richmond Fair; and these were awarded against several varieties of California and other wines on exhibition. These gentlemen got no premium at our Fair, we believe, because the quantity was not sufficient. They only sent twelve bottles in all, (not six of any one kind,) and seven of the twelve were "sampled" by somebody before the insufficiency was discovered. The wines have attained a high reputation, their "dry" wines approximating nearer the sparkling French wines than any other made in the country; so reported by those who have tried them.

Contempt of Court.—There is an important suit in Granville, which the parties are unwilling to trust to the decision of Judge Watts, the peoples' Judge. This want of confidence is shown by referring the case to Hon. William Eaton late Attorney General. Hon. B. F. Moore and Governor Graham are engaged in this case with most of the Granville bar; the case is now being heard. Is this contempt or not?

The Penitentiary Board.—This Board, in session here last week, attended to little other business than that pertaining to finance matters. Two members of the Board, Messrs. Welker and Harrison, have gone North to lay in the necessary supplies to put the institution in operation, which, it is thought, they will be able to do, at farthest, by the first of January.

It will be remembered that Gen. Dockery will deliver an address at Commons Hall to-night, and will give much information in regard to what the Board is doing.

Fire in Granville.—Mr. Rufus Bobbitt, residing and doing business near Wilton, in Granville county, had his large Tobacco Factory, in which were nearly a thousand boxes of tobacco ready for shipment, and his store house and goods, destroyed by fire, on Thursday night last; supposed to be the work of an incendiary. He was insured largely, we understand in the London, Liverpool and Globe companies, on stock, and in the N. C. Home on the buildings.

A telegram from Macon, Ga., states that the Rock Island Manufacturing Company of Charlotte, received a premium and diploma for the best woolen goods exhibited at the Georgia State Agricultural Fair, just closed.

The Legislature of North Carolina.

SENATE.

Tuesday, Nov. 23rd 1869.

The Senate was called to order at 11 o'clock.

Mr. Winstead in the chair.

The journal of yesterday was read and corrected, as the vote on A. H. Galloways (col.) substitute fixing per diem milage at $7, proved upon examination to be a tie instead of 21 to 20. The President voted in the affirmative, stating that he should vote against the proposition on its third reading, in its present form.

REPORTS OF COMMITTEES.

Mr. Graham, from the Committee on the Judiciary, reported favorably on the bill to amend section 485, chapter 12, title 19 of the Code of Civil Procedure.

INTRODUCTION OF BILLS.

By Mr. Brogden, A bill to repeal section 560, title 2 of the Code of Civil procedure. Referred to the Committee on the Judiciary.

By the same, A bill to repeal section 11 of an act to lay off personal property and homestead exemptions. Referred to the Committee on the Judiciary.

By Mr. White, A bill authorizing the Commissioners of Perquimans County to issue Coupon Bonds. Referred to the Committee on Finance.

By Mr. Etheridge: A bill to extend the powers of Commissioners of Wrecks in special cases. Referred to the Committee on Propositions and Grievances.

By Mr. Shoffner: A bill relating to the salary of the Code Commissioners. Referred to the Committee on Finance.

By Mr. Robbins: A bill to repeal the 1st section of an act to require the registration of deeds, ratified 12th of April 1869. Referred to the Committee on the Judiciary.

Mr. Lassiter, presented the credentials of W. A. Cherry, Senator elect from the 8th District, and on his motion the Senator came forward and was qualified.

SPECIAL ORDER.

Bill to further protect the interests of the State in certain Railroads and to require accountability on the part of their officers was taken up.

Mr. Lassiter offered a bill from the Code Commission as a substitute, authorizing the Governor to appoint a commission to examine into the affairs of the several Railroads, said commission to have a clerk with a salary of $5 00 and to report in 1870.

Mr. Graham raised the point of order, that his resolution relating to the same subject, was introduced first and therefore entitled to precedence. That the resolution of Mr. Welker came second on calendar and the bill of Mr. Respass third, the proposition of Mr. Lassiter to offer his substitute at that stage was out of order, and the chair so ruled.

Mr. Graham's resolution to appoint a Committee of the Senate to investigate the sale of the bonds of the Western North Carolina Railroad, was taken up.

Mr. Moore of Carteret, offered Mr. Welker's resolution as a substitute, which requires an investigation of all the Roads by a Committee composed of three Senators for each Road.

Mr. Jones of Wake, moved that the whole subject be referred to a special joint Committee, and that they be instructed to report a bill.

Mr. Respass moved to amend by striking out Special Joint and insert Finance, and that they be instructed to report next Thursday.

Mr. Graham called for the previous question, which was lost.

Yeas.—Messrs. Barnes, Beall, Beeman, Brogden, Burnes, Cherry, Graham, Jones of Mecklenburg, Lindsay, Love, Mason, Melchor, Moore of Yancey, Murphy, Robbins, Scott, White and Wilson—18.

Nays.—Messrs. Baisley, Bellamy, Blythe, Colgrove, Cook, Davis Etheridge, Eppes, colored, Forkner, Galloway, colored, Hayes, Harrington, Hyman, colored, Jones, of Columbus, Jones, of Wake, Lassiter, Martindale, Moore, of Carteret, Respass, Shoffner, Smith and Stephens—22.

Mr. Respass' motion to refer was lost.

A. H. Galloway, colored, moved to lay the resolution and substitute on the table, which prevailed.

Yeas.—Messrs. Beasley, Bellamy, Burns, Blythe, Colgrove, Cook, Cherry, Etheridge, Galloway, colored, Hayes, Harrington, Hyman, colored, Jones, of Columbus, Jones, of Wake, Lassiter, Martindale, Moore, of Carteret, Moore, of Yancey, Respass, Shoffner, Smith and Stephens—22.

Nays.—Messrs. Barnes, Beall, Beeman, Brogden, Davis, Eppes, colored, Forkner, Graham, Jones, of Mecklenburg, Lindsay, Long, Love, Mason, Melchor, Murphy, Robbins, Scott, White and Wilson—19.

The bill introduced by Mr. Respass was then taken up. (This bill provides that the officers of the several Roads shall make full reports of their transactions quarterly,) passed its second reading.

On motion of Mr. Lassiter the rules were suspended in order to allow him to introduce his bill from the Code, placed on Calendar.

Mr. Martindale, introduced a resolution proposing to raise a committee of three Senators to confer with the Superintendent of Public Works, to ascertain and report what information he has in reference to the management of the various Railroads. Adopted.

On motion the Senate adjourned until to morrow at 10 o'clock.

HOUSE OF REPRESENTATIVES.

Tuesday, Nov. 23, 1869.

House met pursuant to adjournment.

Messrs. French and Ingram obtained leave of absence.

PETITIONS.

Mr. Sinclair, a petition from W. L. Steele, Richmond county. Referred.

Mr. Seymour moved that the House go into the election of Doorkeeper. Carried.

Mr. Vestal nominated James Page, of Rankolph.

The Speaker appointed Messrs. Argo and Laflin to superintend the election.

The vote was taken and announced, Page 53, Harris 51; so Mr. Page was declared elected.

RESOLUTIONS AND BILLS.

By Reynolds, colored: Resolution of thanks to E. A. Miller, retiring Door keeper, which was adopted under a suspension of the rules.

By Mr. Laflin: Joint resolution for adjournment on or before the 17th of Jan. 1870. Lies over.

By Mr. Boddie: Resolution in favor of the Sheriff of Nash. Referred.

A message was received from the Governor, submitting certain claims against the State in favor of M. A. Bledsoe and the late Gov. Worth.

By Mr. Ellis: A bill to amend the charter of Hickory Tavern, in Catawba. Referred.

By Mr. Candler: A bill to amend an act relative to the Western Turnpike. Referred.

By Mr. Justice: A bill to punish horse stealing more effectually. Referred.

By Mr. Parker: A bill to amend chap. 185, laws of '68 '69 Referred.

By Mr. Malone: A bill to repeal the act requiring the registration of deeds. Referred.

By Thos. Sykes colored: A bill to incorporate the Elizbeth City and Norfolk Railroad Company Referred.

SPECIAL ORDER.

Mr. Pou's resolution recommending removal of political disabilities imposed by the 14th amendment; the pending question being on Mr. Malone's amendment, asking a repeal of the test oath.

Mr. French moved to postpone one week.

Mr. Pou opposed the motion and asked the yeas and nays which being ordered, resulted, yeas 23, nays 71.

Mr. Pou then called the previous question, and the call was sustained.

Mr. Seymour moved to postpone until Friday next, and the motion prevailed.

G. W. Price, colored, introduced a bill to amend the act creating a Mechanic's and laborers' lien. Related and ordered to be printed.

Bill extending the time for Sheriffs to make settlement was taken up on motion of Mr. Forshee.

Mr. Pou moved indefinite postponement, which, after some discussion, was carried.

UNFINISHED BUSINESS.

The consideration of the resolution maintaining the credit of the State and payment of every dollar of her debt, was resumed, the question being on the motion to reconsider the postponement for one month.

A discussion ensued assuming about the same shape as that of yesterday.

Mr. Durham said it was peculiarly unfortunate for the credit of the State, that this resolution was introduced. The faith of the State had already been pledged by the solemn acts of this Legislature and by the signatures of the Governor and Treasurer, with the great seal of the State attached. The resolution was not worth the paper it was written upon, the introduction of it in the face of things threw a suspicion upon the matter, as if there was a latent purpose to repudiate. He was opposed to repudiation; he abhorred the word, but he would oppose the payment of bonds thrown upon the market at 25 cents in the dollar, by speculators and ring men. The bonds that have been sold at anything like their adequate value, he was willing to pay. He opposed this resolution because no sensible man would pledge the State to pay bonds in the hands of agents charged with fraud, selling at from 15 to 25 cents, for which the people would have to redeem dollar for dollar. He believed the people were opposed to repudiation, but this kind of legislation would soon drive them to it. Every honest man revolted at the idea of repudiating honest debts, but when the State is victimized to the extent of millions by sharpers and speculators, it was the duty of right-minded men to protest and take measures against it.

Mr. Argo, also opposed the resolution, in quite a lengthy speech, his position being substantially the same as upon yesterday, when he first made the motion to postpone.

Mr. Seymour next took the floor in a long speech favoring a consideration of the vote postponing, and advocating the adoption of his resolutions. During his remarks, said if they were going to repudiate a part of the debt, repudiate all of it; if they were going to take the shame of the thing, take the gain of it also, by repudiating the whole debt, &c., &c.

After some further debate Mr. Seymour called the previous question. The call was sustained. The motion to reconsider was adopted by a vote of yeas 59, nays 39.

Mr. Argo was then allowed to withdraw his motion of postponing for 30 days.

Mr. Welch moved to postpone for one week, from to-day. The yeas and nays being called, the motion was rejected by a vote of yeas 45, nays 61.

The question then recurred upon Mr. Malone's amendment inserting the words "legally incurred and honestly disposed of as to the landed debt." The yeas and nays being called resulted in the rejection of the amendment by the following ballott:

Yeas.—Messrs. Argo, Armstrong, Blair, Boddie, Clayton, Davis, Davidson, Durham, Ellis, Farrow, Ferebee, Gathing, Gibson, Green, Grier, Hawkin, Hicks, High, Hodnett, Humphries, Jarvis, Kelly, of Davis, Long, of Chatham, Malone, McMillan, Moore, of Alamance, Nicholson, Painter, Robinson, Shaver, Smith, of Alleghany, Smith, of Wayne, Thompson, Welch, Whitley and Williams, of Harnett—36.

Nays.—Messrs. Ashworth, Banner, Barnett, Barnes, Candler, Carson, Carey, Cawthorn, Crawford, Dixon, Eagles, Ellington, Forkner, Foster, Gahagan, Gilbert, Graham, Gunter, Harris, of Franklin, Harris, of Wake, Hayes, Hilliard, Hinnant, Hodgin, Hoffman, Horsey, Hudgins, Ingram, Justus, of Henderson, Justice, of Rutherford, Kelly, of Moore, Kinney, Laflin, Leary, Long, of Richmond, Mayo, McCanless, Mendenhall, Moring, Morrill, Morris, Parker, Pearson, Peck, Pou, Price, Proctor, Rogland, Renfrow, Robbins, Reynolds, Seymour, Sinclair, Simonds, Smith, of Martin, Snipes, Stanton, Stevens, Sweat, Vestal, Vest, White, Wilkie, Williamson and Wilson—64.

Mr. Durham offered the following amendment as an additional resolution:

Resolved, That this General Assembly will not recognize as valid any future sale by the several Railroad Companies of the State, of the special tax bonds, authorized by Acts of the General Assembly at the regular session of 1868 69 at a price less than 60 per cent. of their par value.

Mr. Pou next obtained the floor and argued for some time in advocacy of a substitute offered by himself when the matter was first brought forward. (Published before.)

Mr. Seymour called the previous question, when,

On motion of Mr. Argo, the House adjourned.

LECTURE ON TEMPERANCE.—Rev. W. B. Wellons, of Suffolk, Va., a life long Temperance Advocate and eloquent lecturer, will deliver an address at Temperance Hall, this (Wednesday) evening, at 7½ o'clock, to which the public are invited. Mr. Wellons is well known to many of our citizens who will avail themselves of this opportunity of enjoying a rich intellectual treat.

PROFESSOR LEE'S LECTURE.—Don't forget it. A popular Lecturer, with a sublime subject to talk about, and in behalf of a noble cause, demands that everybody who can do so, should make his or her appearance at Tucker Hall on Thursday night, to hear Prof. Lee's lecture on the Ocean, and the ladies of the Memorial Association expect it. Tickets will be for sale at the Book Stores. Further particulars to-morrow.

SOFT AND SNUG.—On arriving at our sanctum, and taking our usual "Local" position yesterday morning, we were agreeably surprised at finding the seat of our "steel-bottom" chair covered by a nice, new, soft and snug cushion, placed there by the discriminating judgment and accommodating good will of Rufus Harrison, upholster and mattress maker, over the way.—It's as nice a cushion as anybody's got, and as soft as the boniest anatomy. (no allusion to Wes.) need desire to sit on.

Rufus and his brother are good workmen, and will fill orders in their line satisfactorily. They will make and put down a carpet in six hours, or furnish a mattress to order in four hours from the time the order is given; and all done with neatness and in durable style.

PRANKS OF THE TYPES.—The queer and comical things the types make people say, occasionally, has so long been a subject of remark as to be ready to pass into a proverb. Yesterday morning we intended to say that Dr. Wm. G. Hill, Agent of the Georgia Masonic Life Insurance Company, had paid Mrs. Annie E. Moore the policy due her husband, but by some freak, blunder or oversight, the types made us say it was Dr. Wm. J. Allen, thus rendering it necessarry for us to make this correction.—While on the subject we will further explain, that Dr. Hill is not Agent for the State, but for Raleigh.

REPORT.—We are indebted to Dr. E. Grissom, Superintendent of the Insane Asylum of N. C., for a copy of his annual report of the Institution over which he has charge. We learn from the report that the whole number of patients now under treatment is 225; received during the year 27; discharged during the year 19. Of those discharged, 7 were recovered; 3 much improved; 2 stationary, and 7 died.

All the departments are represented in good condition, and many needed improvements have been made. It will be necessary to enlarge the building to meet the wants of the unfortunate class for whom it is designed. Dr. Grissom is an excellent officer, and his Assistant, Dr. Fuller, is "the right man in the right place."

WANTED.—Active canvassers in the city and vicinity for a first class Life Insurance Co., with whom liberal arrangements will be made. Apply early to

A. P. BRYAN,
Special Agent,
Widows and Orphans Benefit Life
of New York.

OYSTERS.—Ferrell & Edwards, at Kirkham's Stall, North side of the Old Market, receive fresh oysters by the train every evening. Orders left with them or buckets sent to them, will be filled upon as accommodating terms as by any dealers in the city. Oysters are better than beef, cheaper than chicken, and healthier than hog-meat.

ANOTHER NEW PAPER.—Bonitz of Goldsborough seems to have a mania for publishing newspapers. Besides the Messenger and that Dutch organ with a name as hard to swallow as the handle of a grass blade, he has now commenced the publication of the "Sharp-Shooter," the first charge from, or of, which he fired off last Saturday—the discharges to be repeated weekly, and the targets charged only $1.25 a year for the fun of being fired at. Go it Bonitz.

THE LADIES FAIR.—The Ladies connected with the Methodist congregation of this city, are making good progress in preparation for their Festival on Tuesday and perhaps Wednesday evenings of next week. The object is to raise funds to furnish the parsonage with needed furniture, and as the *argumentum ad vestrem* is generally a very powerful one with most people, it is determined to present it on this occasion in all its forces an I variety.

Valuable and Convenient.—"Brown's BRONCHIAL TROCHES" are widely know as an admirable remedy for Bronchitis, Hoarseness Coughs, and other troubles of the Throat and Lungs. They are of great value for the purposes for which they are designed, while they are usually and pleasantly efficacious, they contain no hurtful ingredients, but may at all times be used with perfect safety.—BOSTON RECORDER.

REMARKS OF SENATOR ROBBINS OF ROWAN,

Concerning this Legislature holding over, delivered in the Senate on Friday Nov. 19th.

The question being upon the Resolution of Mr. Sweet to refer the subject to the Supreme Court, and the substitute of Mr. Wilson declaring the term ends in August 1870, Mr. Robbins said:

This is a most important matter, Mr. President, for the people of the State are watching to see what decision we shall make in regard to it, and it cannot be denied that they are looking on with deep indignation that such a question should ever have been mooted. It is well known that when we were elected, all the people deemed us elected for two years only; and that we should now set up a claim for a term of four years, awakens a universal feeling of surprise, disgust, and anger, in the popular mind. The people will regard themselves as the victims of an unworthy and dishonest political trick, if this preposterous and outrageous claim is adhered to and acted upon by this Assembly. They will feel, and I think justly feel, that they have been deprived of a plain constitutional right, by a base and selfish stratagem on the part of those who shall maintain our right to hold over after next August.

But we are told that this is a question of law, and that the people have no business to complain of any decision that may be made of it as such, and their clamors should be disregarded. But unfortunately the people know too well that no tribunal exists here which can decide such a question, except tribunals which are interested in deciding it against the people and in favor of themselves.

"Let us refer the question to the Supreme Court," say Senators. "The Court is the interpreter of the Constitution, and its opinion will be authoritative and will satisfy everybody."

There is a speciousness and plausibility in this idea which its originators perhaps hope will reconcile our constituents to it. But I regard it as a shirking of our own proper responsibility. Each department of this government is co equal with the other, and it is the business of each, in its own sphere and *in the first instance*, to judge with a due sense of its obligations to the people, as to its own constitutional rights, powers, and limitations. The Court can neither make nor unmake the Legislature. Doubtless the Court can adjudicate the question of our constitutional powers when arising in cases at law or in Equity pending before that tribual. But any opinion of the Court, given upon this or any other question not thus arising, is, as every lawyer knows, only an *obiter dictum*, and decides nothing. Neither we nor the people are bound by it. Upon this very ground, the Supreme Court, at our last session, declined to give us their opinion on the important subject of the Homestead, when we requested it; and there is to every mind a want of delicacy in obtruding the present question upon the Court in view of the response they then gave us.

The Justices of the Court, moreover, are directly and personally *interested* in the question By reference to sec. 32, art. 4, of the Constitution, it will be seen that the tenure of office of the Justices themselves involves the identical question which is raised in regard to the term of this Assembly. If we hold over *they* hold over. Under these circumstances, however truly impartial the judgment of that Court might be, the people would view it with suspicion and it could not have that weight which ought to attach to an opinion of those able and learned jurists. It would necessarily be looked upon by the *people* as the *mere dictum* of five *interested* gentlemen, and would probably incense the popular mind against the Court, in the event it be in favor of holding over, especially in view of the fact that it would be given spontaneously, gratuitously, and under circumstances where the Court is not bound to render any decision.

For these reasons we have no right to place the Court in such a position by referring this matter to them; and even if we do so, the same reasons, and also the extreme indelicacy of one department presuming to decide at all upon the existence, or non-existence, of a co equal and co ordinate one, will cause the Court to send the matter promptly back to us for our own decision.

Yes, Mr. President, it is our duty to decide this question and decide it at once; and in my opinion it can only be properly decided by adopting the substitute of the Senator from Forsyth declaring our term at an end next August. The case appears to me a singularly plain and simple one. Sec. 29, Art. II, of the constitution, contains this provison: "The election for members of the General Assembly shall be held * * on the first Thursday in August 1870." This is express and mandatory. Can such a mandatory provision be over-ridden and nullified by mere inferences drawn from another doubtful and ill constructed section which is capable of a reasonable and fair interpretation, giving it a very useful meaning and effect, without conflicting with section 29? The terms of the General Assembly are made "biennial." Therefore the present Assembly being specially elected in April, and the regular elections being fixed in August, it became necessary to provide against a Legislative *inter regnum* from April to August 1870. This is somewhat blunderingly done in section 27, wherein it is declared that the term of the members elected in April 1868 "shall terminate as if they had been elected, at the first ensuing regular election." By this is evidently meant the "*regular* election" which should have occurred in August 1868, according to the rule of biennial elections established in the constitution, and which did not occur only because superceded by the special election in April. This gives a very reasonable and important meaning to that section and does operate to continue our existence during the aforesaid *three months*. This is common sense; and the rule of legal construction which requires all the parts of an instrument to be construed together, and some effect if possible to be given to each part, forbids any other interpretation of these constitutional provisions, under that rule, how can any lawyer contend for stretching the meaning of one worded section to such an absurd extent that another must certain in its terms and mandatory in its character would be rendered entirely nugatory?

Sir, this is an attempt at a Legislative *coup d'etat*. It is a conspiracy against the constitutional rights of the people, concocted by men who aspire to positions within the gift of this Legislature, and by members of this Assembly who fear to go before the people for a re-election. The record of this Legislature is an extraordinary one and the people have a right to pass upon it at an early day.

As for myself, if this outrageous usurpation shall be determined upon, nothing can induce me to become a participant. I shall tender my resignation, go before my constituents, and say, "Here is the servant whom you have trusted and honored. He has tried to serve you faithfully; but you are the judges whether he is any longer worthy of your confidence." And it I occupy a seat in this chamber after next August, it must be in virtue of a re-election by the voters of Rowan and Davie. Every Senator who respects himself will, I hope, pursue a similar course.

Sir, it is time for office holders in this country to remember that they are servants, and not masters, and that the popular masses are not their vassals and underlings.—And if any "Rump Parliament" here shall presume upon the contrary, I am much mistaken if the sovereign people do not teach them a very effectual lesson. The people of North Carolina will doubtless proceed to elect a General Assembly next August, in pursuance of the constitution; whoever shall attempt to filch from them this plain right, will perpetrate the crime, and dare the doom, of seditionists, usurpers and conspirators against the public weal.

The Asheville News complains that the contractors, engineers and others employed on the Western Division of the Western N. C. Road have not been paid, although $7,000.000 of Bonds were placed in the hands of the President of the Road, and part of them have been sold.

If our friend of the News expects to see the Road built by the "Ring" into whose hands it has unfortunately fallen, he is greatly mistaken. The State appropriations will be used up, but not in building Railroads; therefore the people should not be compelled to pay taxes for either the interest or principal of the State bonds issued in 1869. We are willing that the honest debts of the State shall be paid, but not those contracted by swindlers.—CHARLOTTE DEMOCRAT.

Malarious Fogs.

Countless millions of cubic feet of malarious vapor reek from the moist earth every twenty-four hours during the month of November. This evaporated moisture is the active principle which begets fever and ague, bilious remittents, indigestion, dysentery, bilious cholic, rheumatism, and many other ailments which prevail more generally in the Fall than at other seasons, and some of which, in low, swampy regions and new clearings, take the form of virulent epidemics. The best safeguard against these complaints, as evidenced by the experience of a long series of years, is HOSTETTER'S STOMACH BITTERS, the most pleasant and at the same time the most efficient of all vegetable tonics. The invigoration of the system is manifestly the best means of defending it against the causes of sickness, whether constitutional or casual. Nature, as every pathologist knows, is the most determined enemy of disease, and the paroxysms of an acute malady are in most instances the consequences of the efforts she makes to conquer the foe. The great object, therefore, of preventive treatment is to reinforce the system, and it is accomplished thoroughly, rapidly and safely, by the use of HOSTETTER'S BITTERS. This powerful tonic contains also an aperient and corrective principle. It is no less valuable as a regulator and purifier than as an invigorant, and there is no danger of exciting the brain or over-stimulating the circulation by employing it as an antidote.

WASHINGTON.

WASHINGTON, Nov. 24.—The Spanish Minister makes no objection to legal proceedings in regard to the Spanish gun-boats; he looks upon it as a question between the Government and the contractors, a solution of which is desired by the Spanish authorities.

The President will urge an early movement for a ship canal through the Isthmus of Darien.

One of the charges of the Attorney General against the Spanish gunboats is, that the vessels are intended for hostilities against the people of Cuba, with whom the United States are at peace. Dispatches from Cespedes to New York Junta states that the Cubans captured a fort at Pobrecillo on the 8th. He says 12,000 men have enlisted in the Cuban army since the 5th of July; that greater confidence is felt in the success of the Cuban cause. The policy of destroying the cane fields will be continued. Five hundred and twenty-two Cubans were shot near the Cienaza by order of Valmaseda.

COME TO CREECH'S!!

DRESS GOODS! DRESS GOODS! In great variety; Styles new; Goods pretty, cheap enough to buy.

FRENCH MERINOES,

In which I recognize no competition, as they will be sold just as cheap as they were when Cotton was 10 cents per lb. and money equivalent to gold.

ALWAYS COME TO CREECH'S to buy MERINO DRESSES, for my money is as good as anybody's; I bought them as cheap as anybody, and I intend to sell as cheap as anybody. That's the way to talk it.

GOODS FOR MEN AND BOYS' WEAR,

Such as Kentucky Jeans, Tweeds, Satinets and Cassimeres. No better assortment or greater variety in the city. In fact, I have enough to keep the boys, the youths, the young men and the old gentlemen, all warm. Step in at Creech's and look at them before you buy.

HATS! HATS! HATS!

For Gent's, Boys and Children. Pull off your old summer hat; it's too late to wear it now; style is changed. In fact, a new hat looks best, anyhow. Call at Creech's corner and examine, before you buy a new Hat.

SHOES! SHOES!

One among the largest and best assortments in the City. Come pull off your old shoes, throw away those that are worn out, and put on a new pair. Keep your feet dry, and preserve your health. Always come to Creech's before you buy.

Ladies and Misses' Hats! Hats!

No use to talk. The style has changed. Spring and Summer styles are out of vogue; so go to CREECH'S. HE ALWAYS KEEPS THE NEW STYLES.

LADIES' BONNETS.

Some small enough; some large enough; some trimmed; some untrimmed. It won't do you any harm to call at Creech's and look.

CLOAKS AND SHAWLS.—A Fine Assortment.

Now don't you think you had just as well step over to CREECH'S, and look. Probably you will save time and money. In fact, that is just the very place to get the worth of your money; and permit me to tell the people, that when they visit the City, to COME TO CREECH'S, for it contains who have come, acknowledge the truthfulness of my assertions.

I have more to say to you, but will tell you the balance at my place of business.

SCHOOL BOOKS.

The Most Eminent Teachers in North Carolina

DECLARE EMPHATICALLY IN FAVOR OF

The National Series of School Books,

WHICH WERE

Adopted by the State Board of North Carolina, Sept 9, 1869,

UNANIMOUSLY

Adopted by the State Board of Alabama, Aug. 18, 1869

UNANIMOUSLY

Adopted by the State Board of Louisiana, July 17, 1869.

☞ By reference to the accompanying lists of Text Books used in the Schools of North Carolina in 1855 and those adopted this year, it will be seen that, in nearly every important particular,

THE OLD NORTH CAROLINA STANDARD IS RETAINED.

1869.	1855
The Present Standard **Adopted by the Board of Education.**	*The Original Standard* **Recommended by the State Superintendent,**
Parker and Watson's Spellers.	Webster's Elem'y. Spelling Book.
Parker and Watson's Primer	N. C. Reader No. 1.
Parker & Watson's Readers	North Carolina Reader No. II.
Beers' System of Penmanship.	North Carolina Reader No. III.
Davies' Primary Arithmetic.	Davies' Primary Arithmetic.
Davies' Intellectual Arithmetic.	Davies' Intellectual Arithmetic.
Davies' Written and Practical Arith's.	Davies' School Arithmetic.
Monteith's Series of Geographies.	Monteith's Manual of Geography.
McNally's School Geography.	McNally's School Geography.
Monteith's History United States.	Bullion's English Grammar.

From Rev. C. H. Wiley formerly State Supt. of Education.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. Weatherly, Prin Clas. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. English, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—John D. Johnson, Yadkinville, Sept. 26, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. E. Smith, Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. Alexander, Charlotte, Oct. 14, 1869.

Steele's "Nat. Philosophy" received. As struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction. —G. W. Jewett, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1858, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. Dugger, Prin. Male Academy, Warrenton.

It is my purpose to introduce Monteith's (No 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. Alexander Sharp, D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. Wm. S. Lacy, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. Frank Vaughan, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. Miller, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be obtained.—Dr. Wm. B. Harrell, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible as is it, (Monteith's Intermediate Geography) in my judgment, concerning school book.—Col. Wm Bingham, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. Cloos, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. Little, Prin. Pleasant Hill seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—Stinson Ivey, Prin. Asbury Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. Wm. A. Obenchain, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. Brandeis, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. Jos. H. Fox, President Stantonsburg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. Kerr, State Geologist of North Carolina.

Mr. Taylor Johnson Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National series throughout; Mr Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and York's Grammar; Mrs. Emma Bingham, Cary P. O., uses the National series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the national series of books, within my knowledge.—Prof. W. H. Merritt, Chatham county, Sept. 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. Caldwell, Greensboro' High School, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

This firm will allow no competition in the price of books furnished by them which are among the best in the State.—Statesville *American*, 1866.

Have a reputation for merit unsurpassed.—Statesville *American*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—*Western Sentinel*.

Davies is excellent in the first degree.—Wadesboro *Argus*.

Are excelled by none of the many used, and they are superior to most of them.—Newbern *Journal of Commerce*.

When we examine the bright pages of the National Series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington *Herald*.

THE UTLEY COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes; and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

Amount of Assets $12,000,000.00.

DIVISIBLE SURPLUS $2,675,999.48,

AND CONSTANTLY INCREASING.

ALL THE SURPLUS OF THE COMPANY DIVIDED AMONG THE ASSURED.

DIVIDENDS DECLARED AND PAID ANNUALLY ON THE CONTRIBUTION PLAN.

ALL POLICIES (AFTER TWO FULL PAYMENTS) NON-FORFEITABLE, AND SO EXPRESSED ON EACH POLICY.

No Restrictions as to Residence and Travel in the United States.

RATES LOWER THAN ANY OTHER COMPANY THAT PAYS DIVIDENDS TO POLICY-HOLDERS.

IT ISSUES ALL THE VARIOUS FORMS OF LIFE AND ENDOWMENT POLICIES.

LOSSES PAID PROMPTLY IN CASH.

LIST OF LOSSES ACTUALLY PAID BY THE ÆTNA LIFE INS. CO., AT THE BRANCH OFFICE, IN RALEIGH, BY THE HANDS OF W. H. CROW, GENERAL MANAGER OF THE STATE AND PART OF VA.

"	22,304	15,00

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

Knickerbocker,	$16,34
Equitable,	17,44
North America,	21,16
Brooklyn,	21,09
Universal,	27,34
John Hancock,	18,27
The National,	63,48
The Ætna,	13,09

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,237 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
